

GROUP 2

This group was all placed in Neighborhood Code 4801 only because their tax map numbers were similar to the Village. They clearly do not belong in the Village. In 2003, the year they reassessed the Village, they were all moved from Neighborhood Code 4801 (Village of New Hartford) to Neighborhood 4817 (Starter Homes). Notice how no attention seemed to be paid to size of house, location or anything else--they were just "wholesaled" into 4817 because someone decided they do not belong in the Village after all. Notice their sq. ft. ranges from 624 sq. ft. to 5,066 sq. ft. (they are currently sorted in sq. ft. order). Look at some of the streets they included in Neighborhood Code 4817 (Starter Homes). As a result of all these moves, these parcels have only been trended in 2004 for 7.5%--think they are assessed correctly and more important fairly?
